## Mind, Body, Soul!

## **Unattended Children at Risk for Injury and Abduction**

During warmer weather, the Authority receives numerous complaints regarding children playing in the roadways and playground areas.

**Please refrain from allowing your children to play outdoors unattended. DO NOT allow your children to play in the roadways and driveways throughout the sites.** According to the National Center for Health Statistics, over 222,236 children are killed or injured in road related accidents each year.

The National Center for Missing & Exploited Children reports more than 2,185 children are reported as being abducted or missing from their home/yard each day. Most of these children had been left unattended by their parents or guardians to play outside. The Center also states that most abductions can be prevented by proper supervision and knowing where your children are at all times.

### **Registration of Resident Automobiles**

All vehicles owned and/or operated on the premises of the Authority by any resident, or member of any resident household, shall be registered with the Authority and shall comply with the regulations and laws of the State of North Carolina; ordinances of the Town of Pembroke, Inc.; and any other applicable laws. Please contact the Central Office for further instructions on registering an automobile with Pembroke Housing Authority.

## Pet Policy

Residents must have the prior written approval of the Pembroke Housing Authority before moving a pet into their unit.

Residents must request approval on the Authorization for Pet Ownership Form that must be fully completed before the Pembroke Housing Authority will approve the request.

Residents must give the Housing Authority a picture of the pet so it can be identified, when necessary.

Please contact the Administration Office for more information or concerns regarding the Pet Policy.

# Resident Reminders from the Maintenance Desk

Please refrain from tampering with outside water faucets that may cause damage. Doing so may result in charges being assessed in accordance with the Maintenance Charge List adopted by the Board of Commissioners.

Maintenance staff is frequently called upon to unclog drains in the kitchen and bathrooms of units. These drains become clogged when items are used or dropped into the lines that are not easily handled by the drain lines. When this happens, a maintenance charge is assessed to you because this repair is beyond normal wear and tear of the units. It is your responsibility that these drains do not become clogged.

All residents are reminded that proper upkeep of their units is vital to the safety of their household and neighboring units. Residents are encouraged to take the following actions to ensure that their unit adheres to a safe and clean environment:

1. Dispose of all glass products into sealed bags within larger trash bags. Do not place glass separately at the curb as it poses health and safety hazards.
2. Refrain from putting up swimming pools in excess of five feet in diameter, play sets and other outdoor equipment. Any permissible swimming pool must be empty when not in use.

Any items left outdoors, including trash, that prevent proper lawn maintenance may result in charges being assessed in accordance with the Maintenance Charge list adopted by the Board of Commissioners.

PHA encourages all residents to perform housekeeping duties to ensure proper housekeeping standards. Below are several items to ensure these standards are met:

1. The toilet, sink, bathtub, and floor of the bathroom cleaned and kept in a sanitary condition.
2. All floors should be regular vacuumed, swept and/or washed and kept free of food and beverage.
3. The stove, refrigerator, and sink should be cleaned regularly and kept in sanitary conditions.
4. Closets kept cleaned and organized.
5. Air vents kept free from lint and dust.
6. The interiors of the apartment should generally be kept in clean and livable conditions.
7. No storage permitted on top of air/heat units or other appliances.
8. The yards and porches should be kept cleaned of all debris, old furniture, and litter.
